SUBJECT: CAMPING OF ARTILLERY REGIMENT AT K.G.F.

Dear Sir,

In continuation of my letter No.C.C.121/41-42, dated 9-6-42, I write to inform you that the three different areas referred to in the letter of the Brigadier of the Royal Artillery and the two blocks mentioned in the Sub Division Officer's report are stated to be identical. The Sub Division Officer reports that the total number of villages affected is 127 with a population of 28,950 and that these villages are spread over the Taluks of Bowringpet, Mulbagal and Kolar and that this area also includes large extents of lands given over to the Mining Authorities, the danger line running very close to K.G.F. inhabited area with a large population of coolies. A copy of the Sub Division Officer's report No.R.1.C.3296/41-42 dated 11-6-42 together with a copy of the list of villages included in the selected area is enclosed herein for reference.

2. As regards the area very close to K.G.F., I have addressed the Chief Inspector of Mines and the Vice President of the Sanitary Board, for furnishing the opinion of the Mining Authorities and the Sanitary Board and I shall submit a further report after ascertaining their views.

3. In this connection, I write to point out that the area selected contains thickly populated villages. The evacuation of large number of villages frequently involves many difficulties and it will also create scare among the inhabitants and labourers of Mining Companies. I therefore strongly recommend that the Military Authorities may be moved to reduce the areas by excluding thickly populated villages and to confine the artillery practice as far as possible to open country, where there are few villages. This will reduce considerably the dislocation of village life.

4. The work devolved on the Revenue Officers in connection with the Military Manoeveures by way of getting villages evacuated

evacuated, and assessing compensation etc. will be very heavy, and it may not be possible for the Sub Division Officer to be in close touch with the Military Officers for this purpose on account of his heavy Revenue work. I therefore suggest that a Civil Officer of the status of an Assistant Commissioner with two special Revenue Inspectors and two Clerks may be temporarily appointed fixing their Headquarters at

Deputy Commissioner, Kolar Dist

D.O. letter No.R.1.C.3296/41-42, dated 11th June 1942, from the Sub Division Officer, Kolar, to the Deputy Commissioner, Kolar District.

With reference to your Memo No.C.C.121/41-42 dated the 9th June 1942 and in continuation of my letter No.F.C.87 of 41-4 dated 7th June 1942 regarding the land required for Military Exercises, I write to state that the areas marked in the tracing 'B' & 'C' received with your above memo are nearly the same as those mentioned in my letter of the 7th June 1942. These have however been split up into three blocks in the tracing and enlarged very much on the planks, resulting in the inclusion of a very large number of villages to be evacuated. The list of villages that will come within the range of military operations with their population is enclosed.

The total number of villages affected is 127 with a population of 28950/- and about 6500 houses. Of these 110 villages are in Bowringpet, 15 in Mulbagal Taluk and 2 in Kolar Taluk.

The evacuation of a large number of villages like this involves many difficulties, dislocation of village life and heavy cost. But since the military authorities want the area for immediate military exercises under the Defence of India Rule 50 'B' there seems to be no alternative but to arrange to make it available to them subject however to the payment of compensation to the ryot population affected. If it is feasible the number of villages involved may be reduced by cutting out thickly populated portions of the areas now selected and the Military Authorities may be addressed in the matter.

Besides, since the area includes some large extents of lands given over to the Mining Authorities and the danger line runs very close to the K.G.F. inhabited area with a large population of coolies, the opinion of the Mining Authorities and the Vice President, Sanitary Board seems to be necessary.

Further, in view of the scare, the requisition of such a large area is likely to cause among the ryots it is necessary to give advance information to them and explain to them the real object of the requisition viz., Military Exercises. Besides,

the

Besides, the evacuation of a large number of villages like this effectively requires the employment of a special staff and a Civil Officer with full co-operation of the Police Department.

I therefore request that necessary orders in this behalf may also be kindly passed

The three tracings received with your above letter are herewith resubmitted.

Dated Bangalore, the 12th June *1942*

Subject:- Artillery Practice Camp Areas.

SIR,

I am directed to state that in connection with the camping of three Artillery Regiments around Kolar Gold Fields, the Military authorities carried out a reconnaisance of the area on the 4th and 5th June 1942 accompanied by the Sub-Divisional Officer from Kolar and the Tehsildar from Bowringpet The Commissioner in Kolar was also apprised of the reconnaisance

2. As a result of the reconnaisance, the Military authorities have found three areas - vide attached traces - where they intend carrying out training in live shell firing on one or two days every fortnight. They therefore request that, if there is no objection, these three areas may kindly be declared as firing ranges within the meaning of Defence of India Rule No.50-B as in force in the Mysore State (vide Gazette of India, Extraordinary dated the 7th April 1942).

3. The Military authorities are prepared to pay the usual compensation to villagers. They also state that no firing will take place across a railway line and that only a part of each area will usually require to be cleared.

4. The Hon'ble the Resident would be grateful if the Government of Mysore would kindly declare the areas referred to above

as

My dear Mehkri,

K In continuation of my D.O. letter No. C.7037/41-42 dated the 11th instant, I forward herewith copies of a D.O. letter dated the 14th June 1942, and of its enclosures, received from the Deputy - Commissioner, Kolar District, regarding the areas selected by the Military Authorities for Artillery Practice. In the circumstances mentioned by the Deputy Commissioner, I agree with him that the - Military Authorities may be kindly moved to confine the practice as far as possible to open country where there are few villages.

As regards the suggestion contained in Para 4 of his letter, I shall examine the question separately.

D.O. letter No. C.C.121/41-42 dated the 14th June 1942 from the Deputy Commissioner, Kolar District, to the Revenue Commissioner in Mysore, Bangalore.

In continuation of my letter No. C.C.121/41-42, dated the 9th June 1942, I write to inform you that the three different areas referred to in the letter of the Brigadier of the Royal Artillery and the two blocks mentioned in the Sub Division Officer's report are stated to be identical. The Sub Division Officer reports that the total number of villages affected is 127 with a population of 28,950 and that these villages are spread over the Taluks of Bowringpet, Mulbagal and Kolar and that this area also includes large extents of lands given over to the Mining Authorities, the danger line running very close to K.G.F. inhabited area with a large population of coolies. A copy of the Sub Division Officer's report No. R.1.C.3296/41-42 dated 11-6-1942 together with a copy of the list of villages included in the selected area is enclosed here in for reference.

2. As regards the area very close to K.G.F., I have addressed the Chief Inspector of Mines and the Vice-President of the Sanitary Board, for furnishing the opinion of the Mining Authorities and the Sanitary Board and I shall submit a further report after ascertaining their views.

3. In this connection, I write to point out that the area selected contains thickly populated villages. The evacuation of large number of villages frequently involves many difficulties and it will also create scare among the inhabitants and labourers of Mining Companies. I therefore strongly recommend that the Military Authorities may be moved to reduce the areas by excluding thickly populated villages and to confine the artillery practice as far as possible to open country, where there are few villages. This will reduce considerably the dislocation of village life.

4. The work devolved on the Revenue Officers in connection with the Military Manoeuvres by way of getting villages evacuated

p.t.o.

evacuated and assessing compensation etc.; will be very heavy and it may not be possible for the Sub Division Officer to be in close touch with the Military Officers for this purpose on account of his heavy Revenue Work. I therefore suggest that a Civil Officer of the status of an Assistant Commissioner with two special Revenue Inspectors and two Clerks may be temporarily appointed fixing their Head-quarters at K.G.F.

D.O. letter No. R.1.C.3296/41-42 dated 11th June 1942 from the Sub Division Officer, Kolar, to the Deputy Commissioner, Kolar District.

With reference to your Memo No. C.C.121/41-42 dated the 9th June 1942 and in continuation of my letter No. F.C.87 of 41-42 dated 7th June 1942 regarding the land required for Military Exercises, I write to state that the areas marked in the tracing 'A', 'B' and 'C' received with your above memo are nearly the same as those mentioned in my letter of the 7th June 1942. These have however been split up into three blocks in the tracing and enlarged very much on the planks, resulting in the inclusion of a very large number of villages to be evacuated. The list of villages that will come within the range of Military Operations with their population is enclosed.

The total number of villages affected is 127 with a population of 28,950 and about 6,500 houses. Of these 110 villages are in Bowringpet, 15 in Mulbagal Taluk and 2 in Kolar Taluk.

The evacuation of a large number of villages like this involves many difficulties, dislocation of village life and heavy cost. But since the Military Authorities want the area for immediate Military Exercises under the Defence of India Rule 50 'B' there seems to be no alternative but to arrange to make it available to them subject however to the payment of compensation to the ryot population affected. If it is feasible the number of villages involved may be reduced by cutting out thickly populated portions of the areas now selected and the Military Authorities may be addressed in the matter.

Besides, since the area includes some large extents of lands given over to the Mining Authorities and the danger line runs very close to the K.G.F. inhabited area with a large population of coolies, the opinion of the Mining Authorities and the Vice President, Sanitary Board, seems to be necessary.

Further, in view of the scare, the requisition of such a large area is likely to cause among the ryots, it is necessary to

p.t.o.

to give advance information to them and explain to them the real object of the requisition viz., Military Exercises. Besides the evacuation of a large number of villages like this effectively requires the employment of a Special Staff and a Civil Officer with full co-operation of the Police Department.

I therefore request that necessary orders in this behalf may also be kindly passed.

The three tracings received with your above letter are herewith resubmitted.

Artillery Practice Camp Areas - Your letter No.Pol.2364/W., dated the 16th June 1942.

SIR,

I am directed to refer to my letter No.RF.183-42/Pol dated the 20th June 1942, and to state that, owing to entirely new circumstances, the Military authorities have decided to proceed urgently with the proposal to camp troops in the K.G.F. Area. They request that the areas may kindly be declared as firing ranges within the meaning of the Defence of India Rule No.50-B as in force in the Mysore State.

2. With regard to the difficulty in the matter of vacating villages in large areas envisaged in your letter quoted above, the Military authorities explain that they do not intend that the whole of each area should be cleared once a fortnight and that only part of one area will be required on any one day. They also state that ample warning to clear and the exact details of villages to be cleared will be given to the local civil authorities.

3. The Hon'ble the Resident would be grateful if the Government of Mysore would kindly comply with the request of the Military authorities.

The favour of a very early reply is requested.

Subject:- Artillery Field Firing practice by the 41 st, Medium Regiment Royal Artillery carried out from 26th November to 1st December in Bowringpet Taluk.

.....

I have the honour to state that Artillery Field Firing practice by the 41st Medium Regiment Royal Artillery, Bethamangala was carried out from 26th to 1st December in the three proposed Ranges which contained 79 villages with the inclusion of the hamlets. The Civil Officer, Kolar District has stated that he was present throughout the practice, and that the villages which were within the Range areas were got evacuated on each day of practice as required by the Military authorities and kept clear. The range areas this time were extensive and selected at different places within Bowringpet Taluk. The practice is reported to be very successful this time and no damage was caused to men or cattle or property. The Artillery Firing operations went on very well.

Slight damages were caused to the crops where the shells exploded in the limits of the marginally noted villages. A sum of Rs.20/- was assessed by the Civil Officer as compensation payable in respect of all the damages and the same was paid by the Military Liaison Officer to the concerned people. As regards the evacuation charges, a bill for a sum of Rs.10,742-12-0 is sent to the Commanding Officer, 41st Medium Regiment Royal Artillery, Bethamangala for placing the said amount at the disposal of the Civil Officer, Kolar District for making necessary payment.

Sir,

Subject:- Artillary firing practice on the 10th and 11th of November 1942.

I have the honour to enclose herein for kind information, a copy of the D.O.letter No.R.3.2/42-43 dated 10th November 1942 received from the Assistant Commissioner, Kolar Sub Division and a copy of the letter No.C.C. 695/42-43 dated 12th November 1942 received from the Special Superintendent of Police,Kolar Gold Fields in this connection and to state that the artillary firing practice was held on 10th and 11th November '42 when the required area was got cleared as required by the Military authorities.

It is reported that on 10th November 1942 one of the shells exploded very near the place, where the spectators were seated to witness the demonstration and caused instantaneous death to 5 Indian soldiers and injuries to 15 persons of whom three were civilians, two European Corporals belonging to 81 Bethamangala camp and the rest were Indian Sepoys of M.T. Coy. T.H.C. 58, F.A. Coy, and 86 Y.P.T.Coy of Harihar.

All the injured are stated to have been immediately admitted to the K.G.F.Hospital as inpatients, of whom one civilian Mr.Rama Rao an employe in K.G.F.Mines succumed to the injuries the next morning. The other two civilians injured on the same day are Mr.Anjaneyalu Clerk in the Civil Hospital, K.G.F. and Mr.Menon, Clerk in Nandidroog Mine Office and they are reported to be progressing satisfactorily. It is further reported by the Special Superintendent of Police,K.G.F. that one Venkatesalu aged about 10 years of Gudipalli village in Palamaner Taluk in Chittoor District sustained injuries on 10th November 1942 and that he has been admitted to the Chittoor Hospital. The Military authorities are taking care of the injured soldiers.

Eleven villages including two Hamlets, which were within the Range operations were got vacated and kept clear. A bill for a sum of - Rs. 1168-4-0 required for the payment of compensation to the inhabitants

of the evacuated villages on the days of practice is sent to the Commanding Officer, 41, Medium Regiment, Royal Artillary, Bethamangala, with a request to place the said amount at the disposal of the Civil Officer for making payments.

Damages are also caused to the standing crops in 5 villages as noted in the margin and the total area affected is 9 acres and three guntas.

Subject: Artillery Field Firing practice by the 41st, Medium Regiment Royal Artillery carried out from 26th November to 1st December in Bowringpet Taluq.

I have the honour to state that Artillery Field Firing practice by the 41st Medium Regiment Royal Artillery, Bethamangala was carried out from 26th to 1st December in the three proposed Ranges which contained 79 villages with the inclusinn of the hamlets. The Civil Officer, Kolar District has stated that he was present throughout the practice, and that the villages which were within the Range areas were got evacuated on each day of practice as required by the Military authorities and kept clear. The range areas this time were extensive and selected at different places within Bowringpet Taluk. The practice is reported to be very successful this time and no damage was caused to men or cattle or property. The Artillery Firing operations went on very well.

Slight damages were caused to the crops where the shells exploded in the limits of the marginally noted villages. A sum of Rs 20/- was assessed by the Civil Officer as compensation payable in respect of all the damages and the same was paid by the Military Liaison Officer to the concerned people. As regards the evacuation of charges, a bill for a sum of Rs 10,742.12.0 is sent to the Commanding Officer, 41st Medium Regiment Royal Artillery, Bethamangala for placing the said amount at the disposal of the Civil Officer, Kolar District for making necessary payment.

Sir,

Subject:- Artillerry Field Firing Practices to be carried out by the several units of the 51st Indian Infantary Brigade camping at Bethamangala in the Range area already selected for the purpose.

Adverting to Government Notification No. 1079w dated 15-8-1942 on the above subject, I have the honour to state that Government had authorised the carrying out of Artillery Field Firing Practices by the units of the 51 Indian Infantry Brigade Bethamangala near the K.G.F. area for a period of two months.

The Range area selected for the purposes comprised of 137 villages as detailed in the notification referred to above and only a part of it was required on a day or two in a month for such practices. The period allowed has expired and the Military authorities require to continue their practices as before in the range area already selected by them.

I request you kindly to obtain sanction of Government for the continuance of the artillery practices in the area for a further period of three months. The favour of early orders in the matter is requested as the Commanding Officer First Medium Regiment Royal Artillery will have to be permitted to carry out the proposed artillery practice on the 6th and 7th January 1943.

I have the honour to be,
sir,
Your most obedient servant.

SIR,

CHIEF SECRETARY 5. FEB. 194 GOVT OF MYSORE

Subject:— Petition from the residents of certain villages in Kolar, Bowringpet and Mulbagal Taluqs addressed to H.H. the Maharaja objecting against the proposed Artillery Field - Firing practices.

With reference to your letter No. 2041/W dated 5th Nov. 1942 re: the above, I have the honour to invite reference to notifications No. 1079/W dated 15-8-1942 and No. 3049 - dated 9-1-43 regarding the Artillery Field Firing practices by the Medium Regiment Royal Artillery in the area specified therein and to state that the main contention of the petitioners is that they should not be compelled to evacuate the villages included in the area for reasons represented in their petition. The Deputy Commissioner, Kolar district to whom the petition was sent for report has stated that the area required will be selected excluding thickly populated villages and only the minimum number of villages will be cleared on the days of practice which will be on one or two days in a month. Besides this, the Deputy Commissioner states that sufficient time will be given to evacuate the villages and villagers will be paid compensation for evacuation and also for any damages caused during the Field Firing Practices.

I agree with the Deputy Commissioner that it is not possible to select the area so as to exclude all villages and that evacuation of the villages coming within the range ~~range of~~ during the hours of practice ~~x~~ cannot be avoided

The petition received with your letter is herewith returned.

I have the honor to be,
Sir,
